Jade Perch is a firm, flaky and flavorful fish that originated from Central Australia. The meat texture is smooth and delicate, and is most suitable for steam and baking. Studies show that the Jade Perch has the highest levels of omega-3 among consumed fish, making it a very good choice for staying healthy and reducing risk of cardiovascular diseases.

A photograph of a Thai restaurant menu featuring two squid dishes. The top dish, 'Grilled Squid', is shown on a charcoal grill with wooden skewers, garnished with sliced red and green peppers. The bottom dish, 'Squid with Sweet and Spicy Lemon Sauce', is served in a brown ceramic bowl over a bed of lettuce, garnished with cilantro and chili. The background includes green banana leaves and a woven placemat.
